

E-LEARNING COURSES

1. In the summer semester of academic year 2023/24 the following e-learning course, offered by Hasselt University, is available for students at University of Wrocław:
 - **Introduction to Bayesian Inference**
Prerequisites:
 - statistics (*Statystyka* or *Teoria statystyki* or *Statistics and linear models*)
 - linear models (*Modele liniowe* or *Modele liniowe i planowanie doświadczeń* or *Statistics and linear models*)
2. E-learning courses are available **only** for students satisfying the above prerequisites.
3. In order to enroll students from University of Wrocław need:
 - a) Preregister **by February 22nd (Thursday)** at www.uhasselt.be/admission (details below). Preregistration is **required** to follow courses at Hasselt University.
 - b) Register using **Formularz B3 (Wrocław) by February 22nd (Thursday)**.
 - c) Students will be granted access to the courses on the Blackboard system as soon as possible. Early preregistration will allow early access to the course.
4. Students can drop any e-learning course by **April 4th (Thursday)**. In order to drop the course students of Wrocław need **both**:
 - a) Deregister at Hasselt University (details below).
 - b) Deregister using **Formularz B3** at Wrocław University.
5. Every e-learning course has on-line consultation sessions (Question and Answer sessions), see http://www.math.uni.wroc.pl/studia/plany_zajec/planL.php. Attending the consultation sessions should be treated as **obligatory** for all the students enrolled in the course.

Pre-registration at Hasselt:

Students register for the *master of statistic and data science* at the website:

www.uhasselt.be/admission

Students need to do a minimal pre-registration and need to register for the academic year 2023-24 as an *interuniversity guest* and choose the programme *Interuniversity guest statistics (from abroad)*, fill out identity data (incl. address), secondary education (mark *Other* at *I obtained my secondary/high school diploma* and then fill out the data of the relevant institution) and then higher education (mark *Other* for *Region of education* and then fill out the current/last study); no uploads of documents are required. In case of any problems please contact: leen.jorissen@uhasselt.be

De-registration at Hasselt:

In order to drop the course at Hasselt, students need to deregister for that course. The student selects at the UHasselt homepage *Student*, selects the *My academic file* application, selects in the left menu *My programme* followed by *Unsubscribe study programme or course unit*. Then a personalized pdf will be generated, listing all currently subscribed courses of the student at UHasselt. The student marks the course(s) for which he/she want to unsubscribe, signs the form and sends a scanned version of the form by email to leen.jorissen@uhasselt.be
