

E-LEARNING COURSES

1. Courses. The following e-learning courses are available for students at University of Wrocław:

- a) **Computer Intensive Methods** (winter semester) – the easiest e-learning course
Prerequisites: basic statistics (*Podstawy statystyki praktycznej* or *Statystyka* or *Podstawy statystyki*)
- b) **Introduction to Bayesian Inference** (summer semester)
Prerequisites: statistics (*Statystyka*) and linear models (*Modele liniowe*)
- c) **Bayesian Data Analysis** (winter semester)
Prerequisites: *Introduction to Bayesian Inference* (e-learning course (1b))
- d) **Semiparametric Regression** (winter semester)
Prerequisites: linear models (*Modele liniowe*) and statistics (*Statystyka* or *Wnioskowanie statystyczne*)
Recommended: *Zaawansowane modele liniowe*

Courses (a)–(c) are offered by Hasselt University, while course (d) is offered by University of Wrocław.

2. Enrollment. To enroll in any of these courses students from University of Wrocław must complete two steps:

- Reregister at www.uhasselt.be/admission (required only for courses (a)–(c))
- Submit **Formularz H1** available at <https://www.math.uni.wroc.pl/zajecia-w-im>

Important: The registration window is very brief – typically 2–3 days from the start of the semester. Exact deadlines can be found at <https://www.math.uni.wroc.pl/zajecia-w-im>

3. Registration at Hasselt. Students need to register for the *50-AGASTSTAb programme (2026-2027)* as *interuniversity guest*. They can start the application process by creating an account. They must upload a passport and a degree certificate. Detailed registration guide is in a separate file. If case of any problems please contact robby.poesen@uhasselt.be.

4. Learning platforms.

- Courses (a)–(c): Access to Blackboard will be granted within a few days of registration.
- Course (d): Hosted on Moodle at <https://skos.ii.uni.wroc.pl/> (students use the same login credentials as for USOSWeb)

4. Course drops. Allowed during the first month (check exact dates at <https://www.math.uni.wroc.pl/zajecia-w-im>). In order to drop a course students must complete two steps:

- Deregister at Hasselt University (required only for courses (a)–(c)).
- Submit **Formularz H2** available at <https://www.math.uni.wroc.pl/zajecia-w-im>

5. Question and Answer sessions. Every course includes on-line Q&A consultations. Attendance is **obligatory**.
