E-LEARNING COURSES

1. In the winter semester of academic year 2024/25 the following e-learning courses are available for students at University of Wroclaw:

    a) **Computer Intensive Methods** (the easiest e-learning course)
       Prerequisites: *Podstawy statystyki praktycznej* or *Statystyka*
    b) **Bayesian Data Analysis**
       Prerequisites: *Introduction to Bayesian Inference* (e-learning course at Hasselt University)
    c) **Semiparametric Regression**
       Prerequisites: *Modele liniowe* + (*Statystyka* or *Wnioskowanie statystyczne*)
       Recommended: *Zaawansowane modele liniowe*

2. Courses (1a) and (1b) are offered by Hasselt University, course (1c) is offered by University of Wroclaw.

3. In order to enroll in course (1a) or (1b) students from University of Wroclaw need:

    a) Preregister, preferably **by September 30th (Monday)**, but **no later than October 3rd (Thursday)** at www.uhasselt.be/admission (details below). Preregistration is **not binding**, but **required** to follow courses at Hasselt University. Preregistration is already open.
    b) Register using **Formularz B3** (Wroclaw) **by October 3rd (Thursday)**.
    c) Students will be granted access to the courses on the Blackboard system as soon as possible, but not later than **October 8th (Tuesday)**. Early preregistration will allow early access to the course, which is important, since the courses start at the beginning of October.

4. In order to enroll in course (1c) students from University of Wroclaw only need to register using **Formularz B3**.

5. Students can drop any e-learning course by **October 31st (Thursday)**. In order to drop the course students of Wroclaw need **both**:

    a) Deregister at Hasselt University (only when dropping course (1a) or (1b)).
    b) Deregister using **Formularz B3** at Wroclaw University.

6. Every e-learning course has on-line consultation sessions (Question and Answer sessions), see http://www.math.uni.wroc.pl/studia/plany_zajec/planZ.php. Attending the consultation sessions should be treated as **obligatory** for all the students enrolled in the course.

Pre-registration at Hasselt:
Students register for the *master of statistic and data science* at the website:
<div align="center">www.uhasselt.be/admission</div>
Students need to do a minimal pre-registration and need to register for the academic year 2024-25 as an *interuniversity guest* and choose the programme *Interuniversity guest statistics (from abroad)*, fill out identity data (incl. address), secondary education (mark *Other* at *I obtained my secondary/high school diploma* and then fill out the data of the relevant institution) and then higher education (mark *Other* for *Region of education* and then fill out the current/last study); no uploads of documents are required. In case of any problems please contact: leen.jorissen@uhasselt.be

De-registration at Hasselt:
In order to drop the course at Hasselt, students need to deregister for that course. The student selects at the UHasselt homepage *Student*, selects the *My academic file* application, selects in the left menu *My programme* followed by *Unsubscribe study programme or course unit*. Then a personalized pdf will be generated, listing all currently subscribed courses of the student at UHasselt. The student marks the course(s) for which he/she want to unsubsribe, signs the form and sends a scanned version of the form by email to leen.jorissen@uhasselt.be
